Kwantlen University College

Kwantlen University College is a new model of undergraduate university with a continuum of academic degrees and applied credentials which respond to the evolving needs of our communities. In the last 25 years, Kwantlen has educated more than 200,000 people across the South Fraser region and beyond, and continues to serve over 17,000 students annually.

As Kwantlen continues to enhance its program choices, expand its facilities, attract more top faculty and develop research to enrich its undergraduate offerings, it's an exciting time to be a part of Kwantlen as it celebrates its 25th anniversary.

Kwantlen has four campuses in Langley, Richmond and Surrey, and a new Cloverdale Trades and Technology Centre opening in 2007. As well, a new location in White Rock began offering undergraduate university courses in January 2006.

Kwantlen is a native word meaning "tireless runner." It is derived from the First Nations tribe who established their home in the region served by Kwantlen University College.

Our mission is to create an exceptional learning environment committed to preparing learners for leadership, service and success. Learning, quality, relevance, responsiveness, diversity, innovation, accessibility and a student-centered environment provide the philosophical framework within which we pursue our mission.

Kwantlen University College would like to thank the many donors who give so generously to the awards, bursaries and scholarships that are listed in this program.

The support and generosity of our donors enables Kwantlen students to attend and complete post-secondary training and education in a wide variety of fields.

Kwantlen University College Foundation

Since its inception in 2000, the Kwantlen University College Foundation has raised millions of dollars from community-minded organizations, corporations and individuals. Directed towards student awards, library support, capital projects and research, the generosity of the communities we serve has helped countless students achieve their academic and personal dreams.

With the rising costs of living and tuition, many of Kwantlen's students rely on financial assistance. The generosity of our donors allows us to reward deserving students with scholarships, awards and bursaries. Through scholarships, we are able to recruit and retain BC's best and brightest. Through bursaries, we are able to provide funding for students with financial need. Awards allow us to reward students with exemplary community and volunteer service, extra-curricular involvement and commitment to Kwantlen University College.

Every student that walks across the stage this evening has been chosen for their commendable academic achievements and personal accomplishments. They are our future business, service and community leaders and we are honoured to reward and recognize them tonight.

THANK YOU

On behalf of the Kwantlen University College Board of Governors and the Kwantlen University College Foundation Board of Directors, we extend our sincerest thanks to the many donors who give so generously to support the awards, bursaries, and scholarships that are listed in this program.

It is the generosity of our donors that has made this night possible. Your commitment to education, thoughtfulness and support allow us to recognize our most deserving students. Through your donation, the students' hard work and dedication does not go unnoticed. Thank you sincerely for your support.

Scholarships and Awards

1 A & W Restaurants, Nurany Family Award \$1,000

The Nuraney Family, owners of Langley A&W Restaurants, is pleased to offer an award to an employee or immediate family member of an employee of A&W Restaurants in the Langley area.
