CLOSING REMARKS

KWANTLEN POLYTECHNIC UNIVERSITY

We have made it our mission to provide exceptional programs and a transformative education to all with a desire to learn. To that end, the KPU Foundation is proud to offer more than 1.6 million dollars in scholarships and awards to our students every year, so they can focus on learning and growing through study and leadership activities that enrich our community. We could not do this without the incredible vision and generosity of you, our donors. With nearly 90% of graduates remaining in the KPU catchment area to live, work and raise families, your investment in their education is an investment in our future. As community leaders, your presence here tonight also serves to inspire our student award winners, and offer them an example of success to model. Please enjoy the evening as our honoured guest.

For information on how to establish a scholarship in your name, or that of a loved one or organization, or to contribute to an existing scholarship fund, or learn about other ways to support KPU students, please contact the Office of Advancement at 604.599.2010.

MESSAGE FROM THE PRESIDENT

I look forward every year to the annual Scholarships and Awards Dinner with great joy and anticipation.

It's a rare opportunity to observe our students engaging with the charitable individuals, businesses and organizations who helped contribute to their success. As our students share stories of their academic pursuits and accomplishments, donors learn firsthand about the difference their support has made.

So I'll be listening into these conversations so I can experience the enthusiasm of students describing the possibilities that have opened up for them, and to understand the satisfaction of donors as their generosity is reinforced.

I know I echo the sentiments of the entire KPU community - faculty, staff and administration - when I extend a heartfelt thank-you to donors for the evidence of their kindness here tonight. This support is not just an investment in KPU students; it's an investment in creating a happier and healthier society.

KPU is proud to provide open access to all learners to have the opportunity to achieve success in a diverse range of programs that blend theory and practice, critical understanding, and social and ethical awareness necessary for good citizenship and rewarding careers.

It is my belief, and KPU's philosophy, that anyone who has the desire and the drive to attend university should be free to do so. It is not that simple however, since life is full of challenges, both financial and otherwise. This is where your support comes in as donors. By removing barriers and providing incentives to KPU students, you are part of their story, and part of their success. Thank you again for all that you do.

Sincerely,

Dr. Alan Davis

KWANTLEN POLYTECHNIC UNIVERSITY FOUNDATION

For more than 30 years, Kwantlen Polytechnic University has been a proudly open-access institution, providing thousands of students the opportunity to achieve personal, social and career success.

These students hail from diverse backgrounds, but all share a common goal of reaching their potential - first as students, then as alumni and finally as citizens of our communities.

Your generous support, which is evidenced here tonight in so many ways, means students are not limited in these pursuits by financial circumstance; rather, their currency is desire and commitment. It also means these students can focus on their studies.

And many years from now, as often happens, they will reflect on their time at KPU and the opportunity you gave them, and perhaps find their own way to support a future KPU student.

On behalf of the KPU Foundation Board of Directors, thank you for creating this lasting philanthropic legacy.

Sincerely,

Mike Matsuo

Chair, Kwantlen Polytechnic University Foundation

KWANTLEN POLYTECHNIC UNIVERSITY BOARD OF GOVERNORS

Attending university is about opportunity and advancement and often comes with sacrifice. Many KPU students sacrifice time with friends and family and even potential earnings in order to complete their studies and ultimately provide a better and more secure future for themselves and those close to them.

While these sacrifices are temporary, they are nonetheless real. Your generous assistance of our students helps them overcome these challenges and achieve their goals. This we know for sure, having witnessed firsthand many KPU students directly benefiting from the support of donors.

On behalf of the KPU Board of Governors, thank you for contributing to the success of our students.

Sincerely,

Lisa Skakun

Chair, Board of Governors
