REORGANIZATION COMPLETE

The reorganization of the College was completed with the announcement of functions reporting to the Vice-President, Administration.

In a memorandum to all employees, Acting President, Jack Newberry listed the seven areas of responsibility reporting to Bob Lison. They include:

Bookstore Services Monique Bergman
Facilities & Ground Maintenance Ted Blaha
Financial Services Les Hibbert
Personnel Services Uli Haag
Printing & Duplicating Tom Rosamond
Purchasing Mabel Endacott
Systems and Computing Randy Bruce

The position of Manager, Facilities is new and it centralizes responsibility for repair and maintenance services. Responsibilities include repair and maintenance of campus facilities, telephone systems, utilities, mechanical systems, grounds maintenance, janitorial services, parking, security, safety, and College-wide mail and delivery services. Additional responsibilities include coordination of the planning and implementation of additions or alterations to College facilities.

Ted Blaha has assumed these responsibilities and can be reached at Surrey Campus (local 250).

Employee Exchanges

The College is exploring the feasibility of an employee exchange program with other B.C. colleges and institutes.

If you are interested in such an exchange, please respond in writing to Personnel.

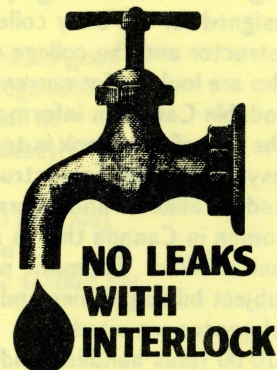

INTERLOCK

Employee Assistance Program A counseling and referral service available to you and your family as an employee of Kwantlen College. "There are times when we need someone to listen."

Interlock services are paid for by the College.

Financial

- budgetting
- income tax
- U.I.C.
- bankruptcy
- retirement planning
- income assistance

Diana Stevan,
M.S.W. Counsellor/Coordinator,
is available at 293-1871 to

**Association of Canadian Community
Colleges/Canadian Services Bureau
ACCC/CSM Learning Materials**

The ACCC has published various learning materials, compiled and written by college personnel on current practical information for reference and classroom use.

Below is a brief description of some of the material available, more will follow next week. For further information contact Tove Luers, Richmond (local 29).

Bibliography on Women - a Resource for Other Disciplines
vol. v, No. 1, 1985, of the Communique series

Many instructors are interested in incorporating the study of women from a feminist perspective into college programs. This bibliography is designed for the busy college instructor and the college student who are looking for current, accessible, readable Canadian information on women. The aim of this book is to make it as easy as possible for instructor and student alike to find information about women in Canada that is applicable to their studies. Thematic periodicals, subject bibliographies and general references are cited.
\$10.00 (plus handling and postage).

Canada's Community Colleges - A Critical Analysis
by John Dennison and Paul Gallagher,
May 1986

This book is the first up-to-date and comprehensive study of a potent national educational and social phenomenon, largely unknown and largely unappreciated. It contains a comprehensive and topical bibliography on both published and unpublished material related to many aspects of Canadian community college development. It also includes a French language bibliography.

To order, write to UBC Press,

TOP CORNER

(An open letter to the College community from Jack Newberry, Acting President)

The College reorganization is nearing completion. The goal of the reorganization was to improve the communication between the College administration and the faculty and staff and to enhance the quality of the functioning of the College. I believe that we are beginning to see positive results.

Change is always unsettling and it can create disruption within an organization. It is my perception that the changes occurring at the College have been achieved with a minimum of disruption and I want to thank all of you for your cooperation and help in making the reorganization a relatively smooth transition.

Work is progressing on the plans for the New Surrey Campus. Many of you have been involved in the facilities requirement study and information is now being compiled for presentation to architects. We should soon be able to make some specific announcements about the project as the functional plan takes shape.

The Board has commissioned a Regional Plan

for Kwantlen College which will show the needs of the region over the next several years. The Plan will be released in early March.

Actions are being taken to obtain a permanent campus in Richmond. At this time we are analysing data from a study on the region's educational requirements and are considering possible sites. While a degree of optimism prevails, no decisions nor approvals have yet been forthcoming.

I have spent the last two weeks meeting with the administrators to listen to the progress of the Divisions and to discuss matters they have raised. Further consideration and appropriate action relating to these matters will occur. I would urge you to discuss concerns with your Directors as such discussion is essential to the College improving its services.

The College community has made substantial progress in the past few months. Our continuing challenge is to build on our strengths.

KWANTLEN CALENDAR
